THE RACE PROBLEM

Speech By President Roosevelt At Lincoln Dinner

IS CONSERVATIVE IN EXPRESSION

The Chief Executive Appeals to the North For Added Friendliness to the South Because of Conditions For Which the South is Not Alone Responsible and Makes Acknowledgements to Crusaders Against Lynching—Backward Race Must be Trained Without Impeding Forward Race —Must Maintain Race Purity.

New York, Special.—As the guest of honor at the Lincoln dinner of the Republican Club in this city Monday night, President Roosevelt made a speech on the race problem. He appealed to the North to make its friendship for the South all the greater because of the "embarrassment of conditions for which she is not alone responsible," declared that the heartiest acknowledgements are due to the ministers, law officers, grand juries, public men and "great daily newspapers in the South who have recently done such effective work in leading the crusade against lynching," and said that the problem was to "so adjust the relations between two races of different ethnic type, that the backward race be trained so that it may enter into the possession of true freedom, while the forward race is enabled to preserve unharmed the high civilization wrought out by its forefathers."

Among other things the President said:

The President's Address.

In his second inaugural, in a speech which will be read as long as the memory of this nation endures, Abraham Lincoln closed by saying:

"With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; * * to do all which may achieve and cherish a just and lasting peace among ourselves, and with all nations."

Immediately after his re-election he had already spoken thus:

"The strife of the election is but human nature practically applied to the facts of the case. What has occurred in this case must ever recur in similar cases. Human nature will not change. In any future great national trial, compared with the men of this, we shall have as weak and as strong, as silly and as wise, as bad and as good. Let us, therefore, study the incidents of this as philosophy to learn wisdom from, and none of them as wrongs to be revenged. * * * May not all having a common interest reunite in a common effort to (serve) our common country? For my own part I have striven and shall strive to avoid placing any obstacle in the way. So long as I have been here I have not willingly planted a thorn in any man's bosom. While I am deeply sensible to the high compliment of a re-election, and duly grateful, as I trust, to Almighty God for having directed my countrymen to a right conclusion, as I think, for their own good, it adds nothing to my satisfaction that any other man may be disappointed or pained by the result.

"May I ask those who have not differed with me to join me in this same spirit toward those who have?"

VICE NEGRO'S ARCH ENEMY.

Laziness and shiftlessness, these, and above all, vice and criminality of every kind, are evils more potent for harm to the black race than all acts of oppression of white men put together. The colored man who fails to condemn crime in another colored man, who fails to co-operate in all lawful ways to bringing colored criminals to justice, is the worst enemy of his own people, as well as an enemy to all the people. Law-abiding men should, for the sake of their race, be foremost in relentless and unceasing warfare against law-breaking black men. If the standards of private morality and industrial efficiency can be raised high enough among the black race, then its future on this continent is secure. The stability and purity of the home is vital to the welfare of the black race, as it is to the welfare of every race.

NEIGHBORS CAN HELP MOST.

In the next place, the white man, who, if only he is willing, can help the colored man more than all other white men put together, is the white man who is his neighbor, North or South. Each of us must do his whole duty without flinching, and if that duty is national it must be done in accordance with the principles above laid down. But in endeavoring each to be his brother's keeper it is wise to remember that each can normally do most for the brother who is his immediate neighbor. If we are sincere friends of the negro let each in his own locality show it by his action therein, and let us each show it also by upholding the hands of the white man, in whatever locality who is striving to do justice to the poor and the helpless, to be a shield to those whose need for such a shield is great.

CRUSADE AGAINST LYNCHING.

The heartiest acknowledgements are due to the ministers, the judges and law officers, the grand jurors, the public men and the great daily newspapers in the South, who have recently done such effective work in leading the crusade against lynching in the South; and I am glad to say that during the last three months the returns as far as they can be gathered, show a smaller number of lynchings than for any other two months during the last twenty years. Let us uphold in every way the hands of the men who have led in this work, who are striving to do all their work in this spirit. I am about to quote from the address of the Right Reverend Robert Strange, bishop coadjutor of North Carolina, as given in the Southern Churchman of October 8, 1904:

MUST MAINTAIN RACE PURITY.

The bishop first enters an emphatic plea against any social intermingling of the races; a question which must, of course, be left to the people of each community to settle for themselves, as in such a matter no one community—and indeed no one individual—can dictate to any other; always provided that in each locality men keep in mind the fact that there must be no confusing of civil privileges with social intercourse. Civil law must not regulate social practices. Society, as such, is a law unto itself, and will always regulate its own practices and habits. Full recognition of the fundamental fact that all men should stand on an equal footing, as regards civil privileges, in no way interferes with recognition of the further fact that all reflecting men of both races are united in feeling that race purity must be maintained.

NATIONAL DESTINY SAFE.

Let us be steadfact for the right; but let us err on the side of generosity rather than on the side of vindictiveness toward those who differ from us as to the method of attaining the right. Let us never forget our duty to help in uplifting the lowly, to shield from wrong the humble; and let us likewise act in a spirit of the broadest and frankest generosity toward our brothers, all our fellow-countrymen; in a spirit proceeding not from weakness but from strength, a spirit which takes no more account of locality than it does of class or of creed; a spirit which is resolutely bent on seeing that the Union which Washington founded and which Lincoln saved from destruction shall grow nobler and greater throughout the ages.

I believe in this country with all my heart and soul. I believe that our people will in the end rise level to every need, will in the end triumph over every difficulty that rises before them. I could not have such confident faith in the destiny of this mighty people if I had it merely as regards one portion of that people. Throughout our land things on the whole have grown better and not worse, and this is as true of one part of the country as it is of another. I believe in the Southerner as I believe in the Northerner. I claim the right to feel pride in his great qualities and in his great deeds exactly as I feel pride in the great qualities and deeds of every other American. For weal or for woe we are knit together, and we shall go up or go down together; and I believe that we shall go up and not down, that we shall go forward insted of halting and falling back, because I have an abiding faith in the generosity, the courage, the resolution, and the common sense of all my countrymen.

PROBLEMS WILL VANISH.

The Southern States face difficult problems; and so do the Northern States. Some of the problems are the same for the entire country. Others exist in greater intensity in one section, and yet others exist in greater intensity in another section. But in the end they will all be solved; for fundamantally our people are the same throughout this land; the same in qualities of heart and brain and hand which have made this republic what it is in the great today; which will make it what it is to be in the infinitely greater tomorrow. I admire and respect and believe in and have faith in the men and women of the South as I admire and respect and believe in and have faith in the men and women of the North. All of us alike, Northerners and Southerners, Easterners and Westerners, can best prove our fealty to the nation's past by the way in which we do the nation's work in the present; for only thus can we be sure that our children's children shall inherit Abraham Lincoln's single-hearted devotion to the great unchanging creed that "righteousness exalteth a nation."

LABOR WORLD.

The 1905 convention of the Blacksmiths' Union will be held in St. Paul, Minn.

Detroit (Mich.) mates think of forming a union of their own, and definite plans are being discussed.

The Chicago Federated Trades established the precedent of admitting clergymen as fraternal delegates.

A graduated scale of wages will shortly be adopted by the street railway company at the City of Mexico.

Part of the striking lumber wagon drivers at Chicago, Ill., have returned to work, having won the union wage scale.

In Wisconsin the eight-hour day is prescribed in manufacturing and mechanical establishments unless otherwise agreed upon.

Tube workers throughout South Staffordshire, England, have been served with notices of a reduction in wages equal to three and a half per cent.

The request of the Western Maryland trainmen for shorter hours, an increase in pay and payment for overtime, has been refused by the company.

The minimum wage for union book and job compositors in Boston was increased from $17 to $18 per week in accordance with an agreement made a year ago.

The agreement between the Iron Molders' Union of North America and the National Founders' Association has been terminated by the Employers' Organization.

The Church Association for the Advancement of the Interests of Labor is constantly controverting the statement that organized labor is unfriendly to the church.

American Federation of Labor organizers in the Pittsburg (Pa.) district are busy in an effort to get all local unions to affiliate with the Iron City Central Trades Council.

Village Taken.

St. Petersburg, By Cable.—The Emperor has received the following dispatch from General Kuropatkin: "The Japanese during the night of January 31 attacked Djantanchenan, on the left bank of the Hun river, opposite Changtan. They captured the village, but subsequently were driven out, with great loss. The Russian casualties were 100. The Japanese, after a severo cannonade, re-attacked our forces at Djantanchenan at noon February 1. The Russians first retired, but ultimately reoccupied the village, though outlying posts are in the hands of the enemy."

M'CUE GOES TO SCAFFOLD

Confesses Murder of His Wife and Pays Law's Just Penalty

WAS STEADY OF NERVE TO THE END

Charlottesville Wife-Murderer Meets Death Without a Tremor, Walking Unassisted to the Place—No Statement Forthcoming When Asked at the Last Moment if He Had Anything to Say, But a Written Confession Was Given Out After the Execution by His Spiritual Advisers.

Charlottesville, Va., Special.—Without a tremor, J. Samuel McCue met death on the scaffold at 7.35 o'clock Friday morning for wife-murder. Hardly had his struggles ceased when his confession was given out by his three spiritual advisors, Revs. G. L. Petrie, H. B. Lee, and John B. Thompson. McCue listened calmly to the reading of the death warrant, and when Sergeant Rogers asked, "Do you think that if I gave you my arm you would be able to walk to the scaffold?" He replied calmly, "I can walk without your aid." On the way he stumbled once or twice and the officers offered assistance. It was not needed, however. There was no weakness. McCue had merely slipped on the frozen snow.

No Statement to Make.

Before he placed the rope about McCue's neck, Sergeant Rogers put his arm over the condemned man's shoulders and whispered something to him. When everything was ready Mr. Rogers again spoke to McCue, asking him if he had anything to say. "None at all," was his answer. The trap was sprung, and nineteen minutes afterward McCue was pronounced dead of strangulation. His neck was not broken. The body will be taken to Brookville for burial.

Confession as Given Out.

"J. Samuel McCue stated this morning in our presence and requested us to make public that he did not wish to leave this world with suspicion resting on any human being other than himself; that he alone was responsible for the deed, impelled to it by an evil power beyond his control, and that he recognized his sentence as just."

J. Samuel McCue was 46 years old and twice had been mayor of the city of Charlottesville. The tragedy for which he paid the penalty created more interest than any other crime that has occurred in the State in the past quarter of a century.

Story of the Crime.

On Sunday night, September 4, McCue accompanied his wife to church and they returned home about 9.15 o'clock. Within 15 minutes after they had repaired to their room to retire for the night the city was aroused by messages announcing the murder of Mrs. McCue, and friends, physicians, and officers hurried to the McCue home. Mrs. McCue was found dead in the bath room, and McCue was lying on the floor with an abrasian on his cheek and feigning unconsciousness. He later asserted that the attack had been made by an unknown white man who had climbed through a window. Mrs. McCue had been dealt a blow that broke her nose and her left ear had almost been severed by a second blow. Death was caused by a gunshot wound just above the heart. McCue never was able to explain the presence in the bath room of a small piece of cotton undershirt which fitted exactly a torn place in the shirt which he had on when the officers arrived. The women figured in the reports circulated as to the cause of the murder, and a letter filled with endearing language sent him by one of his women clients was produced at the trial. McCue had quarrelled with his wife a number of times. She was 40 years old and the mother of four children. The coroner's jury held McCue for the murder three days after it occurred, and he had since been confined in the jail, vehemently protesting his innocence. His trial was concluded November 5, and he was convicted, the jury being out only 26 minutes.

J. SAMUEL McCUE,

Broke Into Jewelry Store.

Suffolk, Special.—The jewlry store of R. L. Brewer & Son, owned by R. L. Brewer, Jr., former mayor, was entered and robbed. The burglars got in by prying up with a crowbar a sill under a read window. The practical loss was the theft of articles left for repair. A $300 cash register was destroyed, but only $4 in cash was taken. Mr. Brewer cannot ascertain his exact loss, but it is estimated at between $500 and $700.

May Punish Atchison Road.

Washington—Special—Attorney General Moody has appointed Judson Harmon, of Cincinnati, who was attorney general during the second administration of President Cleveland, and Frederick N. Judson, a prominent lawyer of St. Louis, to investigate the alleged action of the Atchison, Topeka & Santa Fe Railroad in granting rebates to the Colorado Fuel & Iron Company. This employment is with the view of taking legal proceedings against the company, if, after an investigation, such proceedings seem justified. Both lawyers have accepted the appointment.

Live Items of News.

The Hungarian colony in New York is making great preperations for the banquet to President Roosevelt on February 14.

Gen. Nelson A. Miles, in a statement in Boston, says he has no apology to offer for his treatment of Jefferson Davis in Fortress Monroe.

Many vessels are still held in the ice jam in the Delaware river and heavy rain and sleet storms were reported in the South and Southwest.

Judge Campbell to be a Candidate.

Richmond—Special—It is reported that former Judge Clarence J. Campbell will be a candidate for the legislature from Amherst county this year. Judge Campbell was removed from the Amherst county bench by the legislature for cowhiding Rev. Mr. Crawford, of the Anti-Saloon League. He had acquitted Mr. Crawford of the charge of contempt of his court.

Fire in Jacksonville Jail.

Jacksonville, Fla.—Special — What the officers believe to have been an effort on the part of a negro prisoner to escape by setting the jail on fire resulted in one negro being killed by suffocation and 15 escaping. The cries of fire in the Raspberry Park city jail, shortly after 4 o'clock, awoke Jailer Bryan, who rushed from his room to the corridor to ascertain the trouble. As he opened the door leading into the jail proper a dense smoke came rushing toward him. He immediately went to each cell and released the prisoners, and then sent in the alarm.

Fresh From the Wires.

The peace movement in Russia is growing fast.

Survivors of the wrecked Furness liner Damara reached Pleasant Point, N. C., after a terrible experience.

Germany's success in capturing the contract for rearming the Turkish artillery continues to cause resentment in Paris.

King Oscar of Sweden, who is ill, turned over the Government temporarily to Crown Prince Gustaf.

NORTH CAROLINA LEGISLATURE

Work That is Being Done By the North Carolina Lawmakers.

Owing to the death of a member of the House, but little was done in either branch of the legislature Thursday.

The following bills passed their final readings: For the prevention of fraudulent trading. The bill provides against the use of a name, not that of the proprietor, and against a married woman conducting the store of her husband without her own name. It prevents fraudulent trading by men in the names of their wives, and if a woman does business in her own name, the act makes her a freetrader.

A message was received from the House in a resolution on the death of Representative Phipps, and asking that a committee of four from the House and two from the Senate to be appointed to accompany the body home. The memorial was adopted and Senators Taylor and Long, of Iredell, were appointed the Senate committee. Taylor moved that the Senate adjourn on account of the death of Phipps. This action was taken.

A brief session was held in the House Thursday, after which adjournment was taken out of respect of the memory of Representative Phipps, who died Wednesday afternoon.

The Divorce Bill.

In the House Friday the only matter of importance was the divorce question.

Ward Bill Passes.

In the Senate Friday there was much discusion on the Ward liquor bill, it being a special order for floor. At the close of the discussion. Ward called or previous questions. Vann's amendment as to the size of towns was lost, but that providing that the law shall become effective January 1 flext was adopted. All other amendments were voted down, and the bill passed its second reading—25 to 16. Gilliam objected to the third reading, and Scales' motion to suspend the rule and put it on a thrid reading failed to get the necessary two-thirds vote. The Senate then adjourned.

In the Senate Saturday there were a number of petitions and bills presented.

The act known as the Ward bill came up for thrid reading.

Ward Bill Passes.

To amend the public laws of 1[illegible] regulating the manufacture and sale of liquor in North Caroina. Stubbs offered an amendment providing that the act should not apply to incorporated towns where liquor is now being manufactured under the provisions of the Watts act. Stubbs said the amendment was but fair. Zollicoffer sent forward an amendment provided that nothing in the bill should be construed to alter or amend [illegible] law of 1903. Stubbs' amendment was put and lost by a vote of 18 to 9. Ward accepted the amendment of Zollicoffer. Williams said he wanted to serve notice on the Senate that for years the west had stood by the Democratic party at a sacrifice to aid the men of the east. "I am not in favor of making the matter one of politics, but it has been made a matter of politics and it has come to this, that the west must lose in politics, and it will proclaim in the west that we will not support any officer who has favored this bill, and I serve notice on the gentleman from the east that if this bill is passed the west will not vote to return him to the United States Senate. Alexander said he did not believe the bill would affect the Democratic party in his section. Even many Republicans were for the passage of the bill. He denied that the rights of any people were being encroached upon, and that those affected were the men manipulating the various businesses, who were encroaching upon the rights of the State. McLean said the west was far in advance of the east in temperance, and that Williams was mistaken. Thorne replied to Williams and said that the east appreciated what the west had done for it, now the east wanted to help the west by driving from it whiskey manufacturing. Eller offered an amendment making the time when the act should go into effect, July 1st, 1906. Ward said, feeling sure the bill was going into effect, he did not desire to injure any man's business, and personally would not oppose it. Webb suggested an addition to Eller's amendment, that such towns as were now manufacturing whiskey would not be affected until January 1st, 1906, to which Eller agreed, but these amendments were lost and the bill passed third reading, with only two votes in opposition.

The message from the Governor regarding the bonds held by Schafer Bros., of New York, was read, also the correspondence it transmitted. Zollicoffer offered a resolution relative to the South Dakota judgment, appointing the Governor, Lieutenant Governor, Speaker of the House and Attorney General a special committee to investigate the South Dakota bond issue and ascertain what amount is due the bondholders and to issue a warrant upon the State Auditor to pay this sum.

The bill to protect water supplies, by providing that the act shall apply to water companies now organized and hereafter organized was taken up, the House having added an amendment to the bill, providing that it shall not apply to artesian wells. Boddie moved that the Senate refuse to concur in the amendment. The motion was adopted and the Senators from Buncombe and Yancey were appointed as a conference committee.

The House spent the day in a quiet manner. The following bills were ratified: To amend the charter of Hendersonville, relating to collection of taxes; to elect commissioners and justices of the peace in Washington county by the people; to amend the law relative to hunting on lands of another in Robeson county; to allow the commissioners of Wake county to make an appropriation to the Wake County Women's Association for the betterment of public schools; to protect owners of swine in Tyrrell county; for relief of Piedmont Land and Improvement Company; to regulate time of holding courts in Jackson county; to incorporate the Rouse Banking Company; to amend charter of American Warehouse Company; to incorporate Haywood Institute; to prevent killing of squirrels in Wake, Dare and Tyrrell counties; to amend charter of Southern Conservatory of Music; to prevent hunting on lands of another without written consent in Martin county; to allow the board of education of Yadkin county to pay N. W. Horton $40 out of the general school fund; to allow Caswell county to submit questions of issuing bonds for improving public roads to a vote of the people; to pay expenses of visiting committees to educational institutions; to pay expenses of the inaugurating of the governor; to pay expenses of the committees investigating the penitentiary farm on Roanoke river; resolution requesting Senators and Representatives in Congress from North Carolina to use their influence to secure proper appropriation for the improvement of Cape Fear river.

In the Senate Monday there was little done.

The following bills passed their third readings:

To incorporate the Tuckaseege Railway; to incorporate the Asheville & Northern Railway; to amend the charter of Rocky Mount in regard to the improvement tax; to amend public laws of 1903 relative to graded schools in Alamance; to amend public laws 1899 relative to public roads in Alleghany; relative to the killing of bear in Cedar Creek, and Beaver Dam townships, in Cumberland county; for the better protection of travel in Tyrrell county; to amend public laws of 1899 relative to the use of tires on wagons in certain counties; to allow justices of the peace half fees in certain cases. A resolution to pay the stenographers in the engrossing clerk's office $4 per day; to pay the expenses of the committee visiting the insane asylums of Morganton and Goldsboro.

At 11:30 o'clock the Senate adjourned.

In the House the following bills passed final reading: To provide for working public roads in Macon; to amend the charter of Mount Airy; to authorize a special tax for building a bridge across the French Broad river in Jackson county; to amend the charter of the Durham & Southern Railway; to allow Waynesville to make a contract for an electric light plant; to allow Durham to issue school bonds; to make territory within the corporate limits of Lincolnton a graded school district; to allow Goldsboro to issue bonds; to amend the Buncombe stock law; to incorporate Walnut, in Madison county; to allow Camden county to levy a special tax; to provide sewerage for Monroe.

Election Liquor Bill.

The House took up the bill making it a misdemeanor to sell or give away liquor within five miles of a voting place on election day, with an amendment incorporated by the committee [illegible] a drink, provided that he did not do so with intent to influence the election, following the election law of The Code. Messrs. McNinch and Alexander, of Mecklenburg; Davis, and Murphy, of Buncombe, spoke against the amendment, saying it would be well enough to suspend the dispensing of liquid hospitalities even in private houses one day in two years, and claimed it would be far better to do this than by adopting the amendment to practically license the giving away of liquor on election day. It would be impossible to convict anybody under the language of the amendment. Mr. Winborne said it was an outrage to brand every man a criminal who, in the privacy of his home, should extend a common courtesy to a friend, simply because it happened to be on election day. Under the proposed law a man would be a criminal who gave his wife or cook a small dram to ease the toothache or such like affliction. Mr. Murphy, of Buncombe, again spoke, saying he had seen young men who were temperate dead drunk on free Republican election liquor in Buncombe county on election day. To require the State to prove the intent would be to nullify the law. The county of Buncombe, regardless of politics, desired to break up this disgrace of using whiskey to influence elections. Mr. Powers offered an amendment striking out the words "with the intent to influence the election." This was adopted by a large majority. Mr. Winborne offered an amendment making it a crime to give away cigars and tobacco on election day, but this was defeated. Mr. Murphy, of Buncombe, contended that whiskey would take an elector's thinking faculties away, while tobacco would not. Mr. McNinch nodded approval at this argument ,and asked Mr. Winborne if he honestly desired the amendment to pass.

A $3,500 Verdict.

Nashville, Special—In the circiut court the jury in the case of the Southern Railway company vs. the United States Marble company reported a verdict for the defendant of some $3,500 damages, $1,200 being land and the remainder for damages sustained to other property and non-user of the property. The jury of view is said to have allowed $200 more than the verdict calls for, and this has been the rule that the original jury of view was more liberal than the verdict of juries which sat on the case after appealed to court. This is one of the many condemnation proceedings.

Oil Men Support Kansas.

Toledo, O., Special.—At a meeting Sunday of the Oil Men's Association, composed of crude oil producers in the Trenton rock-oil fields of Ohio and Indiana, the situation in Kansas was discussed by the 30 or 40 members present, and resolutions were unanimouly adopted that the State of Kansas is entitled to the sympathy and moral support of the oil trade everywhere in its contest with the Standard Oil Company.

Favor Private Car Lines.

Washington, Special.—A delegation of Georgia and West Virginia peach growers, headed by J. H. Hare, of Georgia, appeared before the subcommittee of the House committee on inter-State and foreign commerce, investigating private car lines, in protest against any legislation that might have the effect of eliminating the use of private cars.

DANGER SEEMS OVER

Everything Was Quiet Enough Sunday In St. Petersburg

WAS NO RIOTING IN ANY QUARTER

Demonstrations Were Not Attempted and the Only Disorder Was in a Theatre at Night When Abuse of the Czar Was Shouted by the Audience.

St. Petersburg, By Cable.—The anticipated renewal of trouble amonk workmen today was not realized. Neither strikers nor students made the slightest attempt to demonstrate, and throughout the day the city presented a normal appearance. The Emperor's creation of a joint commission of masters and workmen, chosen by themselves, to investigate the cause of discontent among the laborers has made an exceedingly good impression, being considered definite evidence of the government's purpose to compel some of the rapacious masters who have paid starvation wages to do justice to their employes.

The imperial decree ordering the formation of the committee reposes the presidency of the body in Senator Chidlovski, a member of the council of the empire, and instructs the committee to ascertain immediately the causes of discontent of St. Petersburg workmen and devise measures to prevent such discontent in the future. The committee consists of representatives of government departments, the various industries, and the workmen. The President is authorized to report in person to the Emperor and determine the number and mode of selection of the committee. At the Mali Theatre a scene was created by cries of "Down with the autocracy" and personal abuse of the Emperor. The demonstrators were ejected from the theatre.

The police continue to make arrests.

The Czar's Announcement.

St. Petersburg, By Cable.—The news that Emperor Nicholas has endorsed the scheme for the revival of the Zemsky Sealor or ancient land parliament, which the old Emperors invoked in times of stress, has spread through the city and created intense satisfaction among liberal classes. The newspapers this morning were filled with articles descriptive of this ancient Russian institution, indicating that word had gone forth that the government had decided to listen to the voice of representatives of the people. Naturally, there is some skepticism as to whether the government intends frankly to take the steps, but the general verdict is that if the Emperor has succeeded in shaking off reactionary influences and now proceeds in good faith to summon the Zemsky Seabor, they will rally to his support the moderate Liberals, and perhaps arouse a wave of genuine enthusiam in the country. Liberals are convinced that the meeting of such a representative body must be followed by important and widespread reforms.

West Blizzard Swept.

Kansas City, Mo., Special.—Reports Sunday night from Missouri, Minnesota, Kansas, Nebraska, Iowa, the Dakotas, northern Texas, Indian Territory, Arkansas and Oklahoma say that unusually cold weather prevails. In Omaha the thermometer registered 16 degrees below zero at 9 o'clock. High winds prevail in many localities, drifting the snow badly, and delaying railroad traffic in all directions. Reports from Oklahoma and Indian Territory say the thermometer was 5 below zero in several places, and ranged at zero all day. From all parts of the two Territories come accounts of suffering and death as the result of the sudden norther.

Atlanta's Troubles Ending.

Atlanta, Ga., Special.—With large forces of men, who have been repairing since the havoc of the recent sleet storm, continued their work all day (Sunday), both the Western Union and Postal Telegraph Companies and the telephone companies are getting their wires in better condition, and Atlanta is in closer touch with the outside world than she has been for a week.

The recent storm was the most destructive in the history of the city. The amount spent by the telegraph and telephone companies to restore normal conditions will reach an enormous sum.

Visiting New York.

Washington, Special. — President Roosevelt left Washington Monday morning for a two-day visit in New York, during which he will make a speech at the Lincoln birthday celebration at the Waldorf-Astoria, spend a short time at the Press Club banquet at the New Astor House, lunch at the University Club, dine in "Little Hungary," and visit friends.

Four Injured by Explosion.

Erie, Pa., Special.—An explosion of natural gas at the home of the caretaker of the city water works reservoir seriously injured four persons this evening. Two of the injured were so badly shocked and burned that they may die. All were blown through a second-story window and down an embankment 30 feet high. The injured are: Louis seiter, aged 40 years and his wife; Harry Seiter, aged 14 years, and Samuel Pfister, aged 65 years.

ARE THE DEMOCRATS SINCERE ON THE WHISKEY QUESTION?

During the campaign the majority of the Democratic candidates claimed they were for temperance, not for party sake, but because they thought it right. But when the Ward bill came up in the Senate last Friday several of the Senators let the cat out of the bag. They wanted the Ward bill passed so as to further stengthen their control of the manufacture and sale of whiskey in this State. For this reason many of the politicians have offered to join forces with the temperance forces and thereby lead the temperance forces into the trap of giving control of the whiskey business in the State to the Democratic party. The chairman of the anti-saloon league in the State is aiding them in their scheme to control the whiskey business. We do not say he is doing so knowingly, but nevertheless his cooperation with the Democratic force has been the means of helping to give them control of the manufacture and sale of whiskey in the State. The chairman of the anti-saloon claims that he is for ultimate prohibition—he will never get it through the Democratic party while the present machine is in power. Their record proves that they do not want prohibition. The majority of the whiskey men in the State have given money and whiskey to the Democrats for compaign purposes in every campaign. In this county, not many years ago, a man, supposed to be a prohibitionist, on the Democratic ticket, promised, or at least his friends did, the whiskey men of Raleigh that if they would support him he would not bother their business. They supported him and he did not bother their business. Was that the way to secure prohibition? The dispensaries in the State are only recruiting stations for the Democratic party. The managers of these dispensaries are not trying to reduce the sale of whiskey, but some even advertise in the papers to increase their sales, so as to justify them in drawing larger salaries. If they think whiskey is an evil why didn't they support Butler's amendment in the House or Senator Gilliams offer to introduce a bill for State prohibition in the Senate last Friday. Not a Democrat rallied to his support. No, this would put several democrats out of employment, who are now standing by the machine, and it would also knock the Democrats out of several thousand dollars in campaign funds. This is not our fight. We are willing for the people to rule, that is for them to have what the majority want. But when every little two by four politician poses as a leader and says he represents the people, it is hard to know what the people want—only we do know they do not want hypocrits to represent them.

A PROOF OF MR. ROOSEVELT'S POPULARITY IN THE SOUTH.

From present indications the inauguration of President Roosevelt on March 4th will attract the largest crowd of Southernors to the National capital that has ever attended the inauguration of a President, which proves that the President is very popular in the South, despite a few partisan sheets to the contrary. The following is from the Wilmington Messenger:

"The indications are that a tremendous crowd of Southern people will attend the inauguration of President Roosevelt. The railroads leading to Washington from the South are preparing to handle an unprecedented number of passengers for this occasion. Local railroad agents throughout this section of the union, after looking into the matter, report that the number contemplating attending the inauguration is unusually large. Does this indicate growing popularity of Mr. Roosevelt at the South?"

DEMOCRATS WANT TO PASTURE IN SAMPSON.

Senator Grady of the 15th Senatorial district has introduced a bill in the Senate to give Sampson county two extra commissioners, a treasurer and a tax collector, and to have Democrats appointed to these positions. This is partisanship in its meanest form. The State Republican Journal commenting on this bill says:

"Our Democrtic friends of Sampson county have grown tired of pasturing on the waste places of the earth and begin to long for pastures green. The good people of that county have voted them out so consistently and persistenly that our aforesaid friends have despaired of any favors at their hands, and are now suppliantly begging a Democratic Legislature to let down the bars. Senator Grady has introduced a bill in the Senate which provides for two additional county commissioners, a treasurer and a tax collector. This bill further appoints Democrats to all these places.

"We suppose this bill will pass, as it is in keeping with the past record of Democratic Legislatures to create new offices to be filled by Democrats. We hope, however, if it fails to pass, this Legislature will not do as a former Democratic Legislature did, viz: make the would-be officers a present, of the amount of the salary they would have received, out of the people's money. Our friends had better go lightly. Sampson's sturdy citizens are not to be trampled upon, and if this matter goes too far, our Democratic friends may not have enough following next time to be legislated into office. You had better let the people control their local affairs."

If these Democratic officials are appointed by the Legislature for Sampson county, they may roam in the green pastures for awhile, but we can assure them thay will not be able to lie down beside the still waters.

"If the Democratic party favors prohibition and insists upon it, why do they not submit the question to voters of the State. That is the only many, honorable, patriotic, or just way to deal with the question. Are they afraid of the people?"—Davie Record.

Yes, they are affraid of the people. Didn't they clearly demonstrate this when in 1898 and 1900 they paraded portions of the State with winchesters and drunken redshirts for the purpose of terrorizing the voters, and as for the future they knew if the people of the State would destroy their Democratic dispensaries and saloons, which are used as recruiting stations for the Democratic party. They are afraid to leave this question to a vote of the people.

One of the Democratic Senators said in the Senate Friday that "The violations of the Watts law are a stench to the nostrils of Democracy which should be stopped." Why didn't this Senator admit this in his speeches during the campaign? Oh, but he didn't find that out until the campaign was over. And there are several other things his party has done that are a stench. For instance, take a whiff of the secret investigation of the A. & N. C. Railroad.

Mr. Webb, of Buncomb, has introduced a bill in the Senate for issuing $500,000 in bonds. If it is necessary to issue more bonds, after increasing the taxes in the State last year about $1,000,000, when will the State ever be able to pay off its indebtedness? The tax rate is already at the top notch.

For some reasons the News and Observer does not think Nick Williams whiskey as good as it did two years ago. Two years ago it was the "whiskey without a headache," and now it seems to give the Observer a head-ache to even think about it. We wonder why?

There are many people in the State who wan't prohibition, many want whiskey manufactured and sold under certain regulations, but the Democratic machine wants to control both.

Thick Coat Saved Him.

Elizabeth City, N. C., Feb. 14.—Thomas McPherson attempted to kill Claude Relfe yesterday at Cainland, this county, by shooting him with a gun loaded with bird shot.

Relfe wore a heavy overcoat, and the shot took no effect.

Both of the men were participants in the feudal fight of several weeks ago.

Boy Lost.

Senator Beasley, of Currituck, was called home Tuesday by a telegram, announcing that his boy was missing from home and could not be found. Some have a theory that the boy was kidnapped.

WITH THE LAWMAKERS.

Representative Rives, of Chatham, is laying low. But if any bill is introduced in the Legislature infringing on the rights of Chatham county rabbits, it is thought that he will then be heard from in no uncertain tone.

* * *

In these days of increased salaries, the pages of the Legislature are agitating a bill to increase their pay from $1 to $1.50 per day. They claim that on their present salary they can't have as good time as others they see around the capital.

* * *

Representative Little, of Pitt county, is asking for an amendment to the Watts Law in its application to his county. He wants persons who make wine to be allowed to sell it on their premises, where it is manufactured, in quantities not less than one gallon, the Watts Law proscribing five.

* * *

There is a measure before the Legislature to create the County of Lee. The proposition for the new county is to take 174 square miles from Moore county, 90 square miles from Chatham county and 27 square miles from Harnett county. Sandford will be the county seat if the new county is tablished.

* * *

The county of Lee will not be created by the present General Assembly, at least the committee on counties, cities and towns of the House has determined upon an unfavorable report of the bill.

* * *

Gov. Glenn transmitted a message to the Legislature Saturday relative to the bonds held by Schafer Bros., of New York. The Governor says these bonds are honest and if reasonable terms can be secured that they should be paid. The South Dakota bonds are of the same class, as they were formerly held by Schafer Bros. and donated by them to South Dakota.

The Representative from Ashe county is impressed with the belief that he can circumvent the Inter-State Commerce law by stopping every shipment of liquor by Express from other States at the nearest Express station to the North Carolina State line and then let the consignee, after notification, get it as best he can. But then, the Representative from Ashe is very Young.—Wilmington Star.

* * *

Senator Moore wants a change in the [illegible] law of Pender county. As it is now, liquor can be shipped there only upon prescription of a physician. Senator Moore wants this changed so a man can have a little liquor sent him from Wilmington provided he goes before a magistrate and takes an oath that it is required for medicinal purposes in his family. If this bill is paased the probabilities are that Pender in the future would appear to be a very sickly county.

* * *

Saturday afternoon the House committee had before it for consideration several whiskey bills, which were discussed, and almost "cussed" by some of the members, but before they had reached a decision on all the bills, one member moved to adjourn as the Raleigh dispensary would close in ten minutes, whereupon the committee adjourned and made for—but we didn't follow them, as we have been told the Raleigh dispensary is always crowded on Saturday afternoon.

* * *

A bill was introduced, and passed third reading, in the House Monday to prohibit anyone giving away whiskey within five miles of the polls on election day. Representative Fowler moved that the bill just apply to Buncombe county, as that seemes to be the only county that had trouble with whiskey in elections. Representative Winbourne offered an amendment to prohibit any one giving any chewing or smoking tobacco within five miles of the polls on election day. The Republican members, being anxious to help the Democrats mend their evil ways and have honest elections, voted for Winbourn's amendment, but the majority of the Democrats would not reform and voted the amendment down.

* * *

At 12 o'clock Friday the Ward bill came up in the Senate for consideration, being an amendment to the Watts law. The bill provided that whiskey should not be manufactured in towns, of less than 1000 population. The Fleming substitute to reduce the minimum population was voted down. Nearly all of the Senators showed an interest in the subject. Senators Ward, Scales, McLean, Wright and Mason were the ardent supporters of the Ward bill, while Senator Empie, Stubbs, Williams and Gilliam opposed the measure as undemocratic. Senator Empie said that sentiments had heen uttered which sounded the death knell of the Democratic party in North Carolina. Stubbs said the measure was undemocratic and the people had not demanded such a bill, that the Watts law was already too stringent and that there was a tacit understanding that when the Watts law was passed that the whiskey business would not be further disturbed at any early date. Senator Williams, of Davidson, in opposing the measure said that to pass the Ward bill would be to confiscate the distillers property where they had erected costly plants under the provision of the Watts Act. He further said that the Watts law was not being enforced and that it was the duty of the party to enforce their present law before passing any further amendments. Senator Wright and other Senators from the Eighth Congressional District had said that Blackburn was elected to Congress because he whipped them with some provisions of the Watts law. To which Senator Stubbs replied: "Has it come to this that a Democratic legislature is asked to pass retaliatory legislation? Yet here we have heard it argued that this bill should be passed because we lost the Eighth Congressional district. When the constitutional amendment was passed white men were made free to vote as they pleased yet property is to be destoyed because the owners are not Democrats."

Senator Fleming said the Ward bill was a fraud and Senator Wright called the Watts law a fraud.

Senator Williams, of Davidson, said he could not support the Ward bill, nor the Fleming substitute. He said he was one who believed that the State could not legislate morals into people. That the present Watts law had not been enforced and that the party had better enforce the present law before making it more stringent, or all would be lost. Senator Gilliam said that two years ago this State incorporated these towns and enacted a law that led men to invest large sums of money in other towns and now to wipe them out by hasty legislation seemed to him confiscation run mad. He said he was willing to bow to the will of the people and would be willing to submit the question of prohibition to the people. But not a one of these ardent Democratic "prohibitionists" rallied to his support. As stated above, the Ward bill passed the Senate to go into effect Jan. 1, 1906. The bill will now go to the House.

AFTER SIMMONS' SCALP.

Members of the Democratic Executive Committee Have a Conference—Opponents of the Ward Bill Met Saturday Night and Discussed Asking Simmons for His Resignation as Chairman—A Meeting Tonight.

It is reported that seven members of the State Democratic Executive Committee met at the Yarborough House in Raleigh Saturday night to discuss the advisability of calling a meeting of the whole committee to ask for Simmons' resignation as chairman. Simmons favored the Ward bill, and these members think that bill infringes upon the rights of the people and is not what the masses want. If as stated that letters have been written to members of the committee for the purpose of calling a meeting of the committee in this city tonight to advise as to the present situation of the party interests of the State, and if certain members of the committee find they are strong enough they will ask for Chairman Simmons resignation, for trying to enforce on the party undemocratic legislation. It is not thought though that Simmons will resign as long as there is a ray of hope for him. If it comes to a hot fight it is possible that Simmons will call on his old guard of redshirters to intimidate the enemy. Several members from the West have said they will fight Simmons for a re-election to the Senate two years hence. Verily, there seems to be trouble ahead for Simmons.

No One But Yourself if You Don't Get Well When Sick.

All we can do is give advice.
Of course that's easy.
But our advice is really worth a little more to you than most people's, for we offer to give you the first bottle of our medicine free, if it fails to help you.
We could not afford to do this unless our medicine was good. Such an offer, on the wrong kind of medicine, would put a merchant prince in the poor house.
Dr. Miles' Nervine, however, as years of experience have proved, is a medicine that cures the sick.
Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.
All we ask of you is to try Dr. Miles' Restorative Nervine for your complaint. If you suffer from sleeplessness, nervous exhaustion, dizziness, headache, muscular twitchings, melancholy, loss of memory, weak stomach, poor blood, bilious troubles, epilepsy, St. Vitus' Dance, etc., we will guarantee to benefit you or refund your money.
You are the doctor.

"My son Bert, when in his 17th year, became subject to attacks of epilepsy, so serious that we were compelled to take him out of school. The editor of the official organ of the Junior Order of United American Mechanics, published at Raleigh, scores the editor of the Lexington Dispatch and Labor Commissioner for the State, unmercifully, for making the public and official statement that he had found but one violation of the child labor law in the State. He accuses him of not doing his duty or smuggling the facts. It is pointed out that there are hundreds of violations and a demand is made that the Commissioner do his duty or stop drawing his salary.—Davie Record.

Is it possible, as charged by the Morning Post, that the great temperance organ, the News and Observer, helped to smuggle the Williams bill through the last Legislature? Can that paper practice such duplicity as to help smuggle a liquor bill through? Why, it must be impossible. You shock us. We knew that paper had no objections to smuggling ballots, but bills are different.—The State Republican Journal.

Proceedings of the Legislature

(CONTINUED FROM FIRST PAGE)

SENATE—TUESDAY

A bill to create a bureau of immigration and commerce with a commissioner at a salary of $2,500 and a clerk at a salary of $1,000 a year and an appropriation of $7,500 yearly for the purpose of carying on this work was passed.

The Senate passed the bill to appropriate $10,000 yearly to be expended by the insurance commissioner in keeping the property of the state insured.

BILLS INTRODUCED

By Aaron—To amend the charter of the Atlantic and North Carolina Railroad.

By Jones—To divide the net proceeds of the dispensaries in Johnston county.

By Etter—To provide buildings for the colored state normal schools. It appropriates $5,000 for the four state schools to buy real estate.

By Turner—To prevent the retail sale of cigarettes or cigarette paper in North Carolina.

PASSED THIRD READING

H. B.—To regulate the sale of seed cotton referring only to Mecklenburg.

S. B.—To amend chapter 109, laws 1903, regarding dispensaries in Johnston county.

The Rector bill, which has passed the house, and repeals the act of 1903 divorcing, after June 1st, 1906, the office of sheriff and tax collector and providing for the election of collector by the magistrates.

The bill was defeated on its third reading.

S. B.—To amend the charter of the Howland Improvement Company.

H. B.—To make the sheriff of Orange settle taxes at the usual time for sheriffs.

S. B.—To amend the anti-jug law of Pender county, providing that liquor may be shipped to a person upon the certificate of a physician or upon his taking an oath before a magistrate that he needs liquor. This bill was postponed.

Mr. Powers.—To provide for enlargement of the state capitol.

Mr. Feimster—To prevent manufacture, sale or shipment of liquor in towns of Williams and Shore in Yadkin county.

Mr. Stronach, by request—To secure compulsory school attendance in Raleigh township.

Mr. Stewart—To regulate pay of jurors in Harnett.

Mr. Williams—To amend the Code relative to punishment for burglary, providing the judge may in his discretion sentence the convicted person to the penitentiary for life.

Mr. Williams — Providing the same in cases of murder.

Mr. Williams — Providing the same in cases of arson.

ANTI-JUG LAW

At twelve o'clock the special order —Mr. McNich's anti-jug law—was laid before the house.

Members fell over each other sending forward amendments to except their counties, until 44 of these exceptions lay on the clerk's desk. Two were afterwards withdrawn, Yancey and Cherokee. This left still excepted Rowan, Anson, Wayne, Stanly, Pasquotank, Dare, Jones, Wilson, Halifax, Martin, Edgecombe, Camden, Davie, Madison, Tyrrell, Wilkes, Granville, Lenoir, Yadkin, Alexander, Columbus, Onslow, Polk, Swain, Henderson, Beaufort, McDowell, Buncombe, Jackson, Harnett, Clay, Rockingham, Currituck, Chowan, Surry, Pamlico, New Hanover, Sampson, Hertford and Person.

Mr. McNinch tried to stem the tide of the exceptions by offering an amendment that the bill do not apply to regularly licensed dealers, and two counties were withdrawn.

A lively argument ensued over Wayne county. Mr. Hollowell declared the people of his county wanted the anti-jug law, while Mr. Uzzell, his colleague, emphatically insisted that Mr. Hollowell did not know, but that he knew the true sentiment of the people, and they did not want this law.

Then Mr. McNinch's amendment was passed, providing that the act shall not prevent shipment to duly licensed dealers in any county.

Finally on motion of Mr. Murphy, of Buncombe, the bill went over for its third reading.

PASSED THIRD READING

To authorize commissioners of Hendersonville to establish dispensary subject to vote on first Monday in April.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

The Azure.

'Tis only in the depths of blue
Man finds his dearest dreams fulfilled,
Where careful sorrows pass from view,
And every heart-cry's hushed and stilled.
So would I wing my joyous flight
To azure realms where rapture lies,
But not to yonder mystic height—
I find my heaven in your eyes!
—Ralph E. Fassett in New Orleans Times-Democrat.

A Grimly Suggestive Group.

The minister and the doctor were riding down town in a Lexington avenue car, and had arrived at Madison square when their friend the undertaker joined them.

After riding with him two blocks the minister and doctor put the undertaker off the car, saying their appearance in trio looked too suggestive and would cause talk among their friends.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. Chas. F. Brown

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. As the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with pain and weariness. I one day noticed a statement by a woman suffering as I was, but who had been cured by Lydia E. Pinkham's Vegetable Compound, and I determined to try it. At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured the womb trouble, and I felt like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

North State News.

The committee agreed to report favorably Mr. Redwine's bill, preventing ticket and claim scalping. It provides that every claimant of a witness or jury ticket or of a county order, other than the one to whom it is issued, shall take oath as to the amount he paid for it, and shall receive from the county commissioners a sum not exceeding 10 per cent of the cost of the same. As bad as the weather was last night, when walking was next to impossible, a Senate and House committee met and heard arguments in favor of the bill establishing a State immigration bureau, this being the fourth meeting of the committee on this question. Immigration Commissioner Watson, of South Carolina, spoke last night as to what the bureau had accomplished for the State. Kirkpatrick, secretary of the State Real Estate Dealers' Association also made an address in support of the bill. It provides for a commissioner to be appointed by the Governor at a salary of $2,500; a clerk at $1,000, and $7,500 for expenses. The bill received a favorable report, though several members of the committee were opposed to it.

The hour arriving for the special order—relative to the divorce bill—Mr. McNinch sent forward a substitute drawn by the minority of the judiciary committee. Mr. Alley sent forward a substitute for all bills. Several other members sent forward amendments to the committee bill, the McNinch bill and the Alley bill. Mr. Murphy, of Edgecombe, suggested that as the divorce bill, was the most important in the Legislature to be considered, and as none but the judiciary committee had yet been able to familiarize themselves with the question involved in the many bills presented, that all be printed and a certain time set for their consideration next week. Mr. McNinch was opposed to any further delay. Many members stated that they desired to be better informed on the subject before the matter came up for action, and it was ordered that the various bills and amendments be printed, and next Tuesday night at 8 o'clock was made a special order for their consideration.

Licenses were issued to 25 out of 34 applicants to practice law. Their names are as follows: J. G. Anderson, Halifax county; B. H. Crumpler, Sampson; T. J. Markham, Pasquotank; G. L. Spence, Pasquotank; W. H. Pace, Wake; P. C. McDuffie, Maryland; C. B. Denson, Wake; W. P. Cannady, Granville; T. F. Whitley, Halifax; Harry McMullen, Chowan; Preston Cotton, Pitt; G. M. Patton, Alamance; F. E. Fredericks, Wake; C. H. Mebane, Catawba; J. L. DeLaney, Mecklenburg; J. J. Britt, Buncombe, J. S. Styles, Buncombe; C. N. Melone, Buncombe; E. D. Broadhurst, Wayne; J. D. Langton, Wayne; W. R. Clegg, Moore; R. B. Chastine, Clay; R. O. Everitt, Martin; Paul Faison, Wake; J. L. Williamson, Wayne.

Will Not Wait For Thaw.

Tokio—By Cable—The impression prevails here that the impending battle between the armies of Field Marshal Oyama and General Kuropatkin will occur before any material thaw takes place, which would convert the country into a slushy bog and render the movement of guns, ammunition and stores impossible until the roads harden.

Gift to State Normal.

President Charles D. Melver, of the State Normal and Industrial College, at Greensboro, has announced the receipt from Mr. Carnegie of $3,886 for furniture for the library at the college, to which he has previously given $15,000. Mr. Carnegie gave Greensboro $30,000 for a library, and it will be the only place in the country which will thus have two libraries as his gift. Speaking about what he desired the Legislature to give for the college, Mr. Melver said he only asked that it be placed wherever it was before the fire, with $10,000 additional for improvements. The fire loss was more than $100,000.

Flood Stage in Alabama Rivers.

Mobile, Ala., Special.—A flood stage is reported in several rivers in the State. The Warrior is now 55 feet at Tuscumbia and is expected to reach 60 feet. People living in the low lands there are moving out. At Demopolis the deluge shows 42 feet. At Montgomery the river is 25 feet. Much damage is reported at interior landings, and steamboats are unable to make schedule time.

Wants Platt Expelled.

Washington, Special.—C. W. Bost, of Battle Creek, Mich., who has intertesed himself largely in the establishment of a parcels post system, filed with President Pro Tem Frye of the Senate a petition for the expulsion of Senator Thomas C. Platt from the Senate. The petition is based on the assertion that Mr. Platt as an executive officer of the United States Express Company, is a party to a conspiracy to maintain identical rates among the express companies for articles shipped over their lines.

THE WORK OF CONGRESS

The Senate and House Regularly at Work—What They are Doing.

After nearly four days of discussion, the House, by a vote of 326 to 17, passed the Esch-Townsend bill, providing for the regulation of freight rates. The negative vote was made up of 11 Republicans and six Democrats.

The closing hours of the debate were occupied by Messrs. Williams, of Mississippi, the minority leader, and Hepburn, of Iowa, chairman of the committee which reported the bill. Mr. Williams, while supporting the minority measure, said he knew it could not pass, and complimented the Republicans for bringing in a bill which was much better than he expected would come from them.

The speech of Mr. Hepburn was rather in defense of himself. He said that his needs and acts were sufficient answer to the "lies and slanders" which had been heaped upon him. The bill known as the Hepburn bill, he said, had been prepared by the Attorney General and he only yielded to his colleagues on the committee on the Esch-Townsend bill, because he did not want the committee to be the target for scribblers, who wanted sensational headlines.

Personalities in the House.

Not in recent years has the House witnessed such a spectacle as it did Monday with Mr. Sullivan, of Massachusetts, and William R. Hearst as the central figures. Both indulged in personalities of the gravest character, and so stirred the House as to arouse among certin members a feeling of the greatest indignation. Mr. Sullivan heaped upon Mr. Hearst a tirade of denunciation, while the latter, by implication, charged Mr. Sullivan with complicity in a murder.

The affair grew out of the recent discussion of the freight rate question in the House, when Mr. Sullivan inquired of Mr. Lamar, of Florida, who was favoring the Hearst bill, why Mr. Hearst did not defend his own bill, this being followed by a criticism of Mr. Sullivan in The New York American and Journal.

More Frequent Cotton Reports.

The Senate heard ten witnesses in the Swayne impeachment trial Monday, and devoted the remainder of its time to the consideration of the agricultural appropriation bill. The major portion of the debate in connection with the appropriation bill was based on an amendment suggested by Mr. Bacon, providing for semi-monthly reports on the condition of the cotton crop, which was amended so as to cover the last five months of the year, and adopted.

Mr. Bacon, in offering his amendment, said that no provision could be incorporated in the bill that would be of so much importance to the cotton producers as this one. He traced the failure of the growers to secure profitable returns from last season's crop to the infrequency of the official reports. The loss in one month on this account had not been less than $40,000,000. He also urged that the Secretary should publish a synopsis of the information on which his estimate is based, as well as the estimate itself. Mr. Proctor presented a letter from the chief statistician of the Agricultural Department, saying that the adoption of the Bacon cotton amendment would involve an additional expenditure of $363,000 per annum.

Carnegie Will Testify.

New York, Special.—Andrew Carnegie announced that he would go to Cleveland to testify against Mrs. Cassie L. Chadwick, who is under arrest in that city charged with obtaining large sums of money on alleged securities bearing Mr. Carnegie's name. It is alleged that the signatures were forged. Mr. Carnegie's announcement was made after a subpoena ordering him to apepar at court in Clevoland on March 6 had been served upon him.

In view of the possibility that England may be dragged into the far Eastern war the Shipping World professes to find comfort in the fact that "the navy is to be strengthened by the addition of oak leaf embroidery to the present plain white slashes on the full dress coats of flag officers, but the gold lace edge to the slash will disappear and the oak leaf embroidery round the cuff with distinction lace is to be replaced lace."

August W. Machen and the Groffs were placed in the penitentiary at Moundsville.

Bank of Spartanburg Burns.

Spartanburg, S. C., Special.—The Bank of Spartanburg, on the square in the centre of the city, was gutted by fire Wednesday night. The flames were discovered at 9:45 o'clock and it was a threatening fire, as trouble with water connections at the early stages made it look bad for a time. It seemed that adjoining buildings would ignite, but they were saved. In a half-hour the flames were under control. The building was owned by A. G. Floyd and was valued at about $3,000. The loss is covered by insurance. Mayor A. B. Calvert is president of the bank. It is thought the flames originated from a defective flue.

More Election Laws Needed.

Washington, Special.—The House committee of merchant marine and fisheries ordered a favorable report on six of the eight bills introduced by the bureau of navigation to make more efficient the steamboat regulation laws, whose inadequacy was exposed with horrifying effect by means of the Slocum disaster.

Chubby Legs of the Mayoress.

One of the ancient customs of municipal government in England, and maintained until this day, is that the wife of the mayor, who enjoys the title of mayoress, except in London, where she is the lady mayoress, shall be represented in the event of her death by her eldest daughter if she has one. In observing this regulation, there was presented in Chatham, a few days ago, an unusual spectacle. The mayor was driven in his brougham to the town hall to go through the ceremony of installation in office. The mayoress sat alongside of him. She wore a large picture hat, and all along the route ate chocolates and displayed her legs, incased in white stockings, with evident pride. Not even the prim church folk of Chatham were shocked, for the mayoress is 3 years old and has a particularly pretty pair of chubby underpinnings. Her mother died when she was 4 weeks old, and as the title descended to her immediately, she became the youngest mayoress that ever lived in all England.—New York Press.

Chicago Society Woman, Who Was So Sick She Could Not Sleep or Eat, Cured by Doan's Kidney Pills.

MARION KNIGHT.

Marion Knight, of 33 N. Ashland Ave., Chicago, Orator of the West Side Wednesday Club, says: "This winter when I started to use Doan's Kidney Pills I ached in every bone and had intense pains in the kidneys and pelvic organs. The urine was thick and cloudy, and I could barely eat enough to live. I felt a change for the better within a week. The second week I began eating heartily. I began to improve generally, and before seven weeks had passed I was well. I had spent hundreds of dollars for medicine that did not help me, but $6 worth of Doan's Kidney Pills restored me to perfect health."

Attorney's Services Valuable.

T. D. Shea, an attorney of Nanticoke, Pa., has just returned victor in a curious suit against the Susquehanna Coal company. He sued for $5,000 for legal services during the great coal strike of two years ago. The company, a part of the Pennsylvania railroad system, was unwilling to pay more than $500, claiming that was ample payment for the service rendered. Mr. Shea is over six feet tall and built proportionately. It was held by the counsel that his presence alone among the strikers kept them from harming the company's property. The jury took the same view and awarded him $4,500.

READS THE BOOK.

"The Road to Wellville" Pointed the Way

Down at Hot Springs, Ark., the visitors have all sorts of complaints, but it is a subject of remark that the great majority of them have some trouble with stomach and bowels. This may be partly attributed to the heavy medicines.

Naturally, under the conditions, the question of food is very prominent.

A young man states that he had suffered for nine years from stomach and bowel trouble, had two operations which did not cure, and was at last threatened with appendicitis.

He went to Hot Springs for rheumatism and his stomach trouble got worse. One day at breakfast the waiter, knowing his condition, suggested he try Grape-Nuts and cream, which he did, and found the food agreed with him perfectly.

After the second day he began to sleep peacefully at night, different than he had for years. The perfect digestion of the food quieted his nervous system and made sleep possible.

He says: "The next morning I was astonished to find my condition of constipation had disappeared. I could not believe it true after suffering for so many years; then I took more interest in the food, read the little book 'The Road to Wellville,' and started following the simple directions.

"I have met with such results that in the last five weeks I have gained eight pounds in spite of hot baths which take away the flesh from anyone.

"A friend of mine has been entirely cured of a bad case of indigestion and stomach trouble by using Grape-Nuts Food and cream alone for breakfast.

"There is one thing in particular—I have noticed a great change in my mental condition. Formerly I could hardly remember anything, and now the mind seems unusually acute and retentive. I can memorize practically anything I desire." Name given by Postum Co., Battle Creek, Mich.

Love Is Blind.

What color are her eyes? What shade?
You ask, but I could never tell.
They're just her eyes, and God ne'er made
Another pair of eyes so well.

Hair gold or brown? Well, this I know,
To think on't is my chief delight—
No sun in summer time doth glow,
Nor moon at night gleam half as bright.

Lips red? What! Seest thou not her kiss?
God knows—my senses cease to be;
If I but dream anon of this
I'd die for the reality.

Each night I vow to stand apart
And learn to name her every charm;
But long before she comes my heart
Is sounding in a wild alarm.

And at a bound I'm by her side,
Ah, far too close to recognize
Aught but the welcome quick implied,
The loving laughter in her eyes.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the **bulk** coffee he sells you. How *can* he know, where it originally came from, how it was blended—**or with what**—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

Doesn't Want to Die.

Dr. Abdul Hikmet, a Turkish resident in Paris, has been requested by the Turkish embassy to return within twenty days to Constantinople where an order for his execution awaits him. The doctor recently published a violently-worded pamphlet charging the sultan with responsibility for the massacre of non-Mussulmans in the Turkish empire. He has appealed to the French government for protection.
